

## Advertise in the Impact Business Directory!

### Why Should I Advertise?

The Impact Business Directory will be distributed and used by over 500 families and friends of the Impact Church of the Woodlands. This program with a full-color glossy cover contains a listing of businesses and services in our community and information about Impact Church of the Woodlands.

The Directory provides advertising opportunities for all businesses and individuals. Advertising in the directory not only directly supports Impact Church but also promotes your business as a supporter of a valued organization in the community. The Directory will be distributed (one) to each family and guests that visit our facility. We look forward to you promoting your business and services and supporting our church by advertising in our inaugural edition.

### About Us!

St. Paul Church of The Woodlands started with a picnic organized by a small group of The Woodlands residents during the fall of 1986. They held their first church meeting at Interfaith of The Woodlands in November 1986 and worshipped there until the completion of the existing facility in January of 1994.

On May 15, 2011 we officially changed our name from St. Paul Church of The Woodlands to the Impact Church of The Woodlands. Our new name embodies and communicates our **fresh, dynamic, and growing** approach to ministry.

Although the name and faces have changed, the desire to proclaim the message of Jesus Christ remains constant. Our ministry has expanded, and we see the invisible hand of our Lord moving in magnificent measures. We are an evangelical Christian church governed by our own Board of Elders, who are committed to governing according to the precepts and commands of God's Word (I Timothy 3:1 ff).

We believe the Impact Church of The Woodlands has something unique and life changing for all.

### Where do I begin?
